Capital \$2,018,775 653 HENRY H. HYDE, TRAVELING AGENT.

I IFE INSURANCE is simply setting aside and investing a sum yearly, with a certainty of a safe return with accumulations; whereas other investments, with a profitable and sure return, are not so easily found, and often end in an cutire loss.
It is an association formed by individuals, who unite together, under a contract, to support each other's families in case of death. In order to accomplish this it becomes ne-cessary to establish a tund, which is done by a yearly con-tribution, daly apportioned among them according to their expectations of life, and the amount to be received by the

family at each one's decease. Suppose a person at 25 years of age, whose premium on \$1,000 would be \$20 00 a year, should put this sum out at interest—at the end of one year, if he should decease, his family barely gets \$20,00 with interest added, making 21,20 only. Whereas, from a life policy they would get \$1,000 with his proportions of the accumulation.

THE inventor of this preparation was for three years s

the Liver that he was frequently for weeks at a time unable to
raise himself from his bed. He sought aid from physicians
at home and in Europe, but in vain; his case was pronounced
hopeless by thousands, and it was by accident that he succeeded in curing himself. Since he has been practicing medicine, his success in such cases has been unrivalled. He
has been aware of the incredulity of the public, and cousequently said nothing through the press of his own case,
until the character of the medicine was fully established
by its success, as shown by the certificates which have been

Dr. Blenson.—Some time has chapsed since I gave a certificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saying to the public, that my wife had for three or four years been the public, that my wife had for three or four years been subject to the worst kind of spells of cra. In in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many differen medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

N. B. ROBERTSON.

HUNTSVILLE, Sept. 29, 1851.

DR. Berdson—Having seen the publication of your Alterative Compound, I think it my duty te say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an hour. relieved me in every attack in less than an hour.

WM. B. LLOYD.

Gries County, Tenn., Dec. 28, 1851.

Dr. Bledson:—I feel that I should fall short of my duty to you and to those who are afflicted, were I not to further recommend your Alterative Compound. It has entirely re-ieved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

ELIZABETH J. HARWOOD.

Henryfile, Ala., August 24, 1851.

This is to certify, that I had suffered for many years with Dyspepsia and Diseases of the Liver. Physician after Physician and prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoc's Alterative Compound, which cursed me soundly, and I recommend it because of the same happy effect upon others of my acquaint ance. JOSEPH CAROTHERS.

HUNTSVILLE, Ala., March 3, 1852. Du. Bledson:—Sin: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a great deal from Dyspepaia and enlargement of the spleen, and thought that I never would recover. I commenced taking your compound about nine weeks since, and have gained 25 or 30 pounds, and feel about as well as I ever did.

HENRY J. GOFF.

ties of the Magnetic Ointment, had his hair entirely restored, and now has as beautiful a head of hair as any man could wish. His age is about 50 years.

A son of Mr. Warren, of this town, 14 years of age, had been afflicted with the Asthma from his cradle. He had the benefit of the best medical advice that a loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw; he was emuciated almost to a skeleton. By the use of a few bottles of the Ointment he was thoroughly cured, and for seven months past has enjoyed robust health.

This was an extreme case of inflammation of the spleon, of long standing; has a variety of treatment from no less than eight different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four months ago and the lady (a Mrs. Dunham,) is still in good health, and able to attend to her usual household duties. I have treated two cases of Chronic Sore Eyes with the Ointment, both of the patients se nearly blind, as to need an attendant to lead them from place to place. One of them had been afflicted 18 years, the other about 9 years. They had tried the best physicians in the State, without benefit; and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Ointment, nearly or quite cured; and are able to read and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no case has if failed of giving immediate relief and generally a permanent cure. I have also used it beneficially in severe cases of Erysipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic

sipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic eured four cases of CANCER by the use of the Magnetic Ointment alone!

From a thorough trial of the Ointment in nearly every disease for which it is recommended, I can confidently recommend it to be one of the most useful remedies ever of fered to the public.

Respectfully Yours,

BURTON HUBBELL, M. D.

Dated Jan 27, 1850, Amelia, Ohio,

CORN MILL.

This Mill differs from all others in the construction of
the upper or Running Stone, which is composed of
French Burr Blocks, enclosed in a cast iron Case, which
forms the back and hoop of the Stone with a Cast Iron Eye, or
Bush, than is of greater external diameter at the bottom that
at the top, which is secured to the back by four bolts, so that
every block is in the form of a dove tail, which gives greater
strength to a Stone than any other method which is required
in small mills, where the stone is run with great speed, and
becomes dangerous if not strongly made. It also gives any
weight to a stone of small diameter that is required without
having it thick or high, that makes it top heavy. weight to a stone of small diameter that is required without having it thick or high, that makes it top heavy.

This mill is a square frame made of wood or cast iron, in the form of a busk, with Bridge-tree, Spindle Balance, Ring Driver, and Regulating Screw, and grinds uson the same principle as a large mill, differing only in the Runner stone; this being of great weight enables it to grind nearer the centeragreater quantity of grain with less power than any other mill now in use. This mill is portable, and may be attached to steam, water, horse or hand power.

ALSO, all sizes of French Burr Mill Stones, manufactured on the same principle.

Joseph H. Burrows, of Cincinnati, is the inventor, for which he obtained Letters Patent in 1842. For allinfringements the purchaser will be held responsible for the right

which he obtained letters Patent in 1842. For allinfringements the purchaser will be held responsible for the right of using.

These Mills do not require a Millright to set them up; and all that is necessary to put them in operation, is to attach a hand to the pulley on the spindle, with a drum sufficiently large to run a twenty-four inch Mill 240 revolutions per minute, attached to Gin, Steam, or Water Power. By the steady application of two horse power the Mill will grind a x to 8 bushels per hour of good ment; and will grind wheat as well as corn. The thirty inch mill, if put to its fullest speed, will grind from ten to fifteen bushels per hour.

These mills are warranted to be in every respect as recommended.

Directions you Using.—Place your mill about 20 feet from the Driving Pulles in a level position; make the belt of l-ather six or eight inches wide. Give the Stonesto revolutions a minute with the sun. Keep the neck and step of the spindle well cited. Place the star on the back of the Running Stone, in the same way as the Cross on the Driver, that is, the way they are trimmed to run.

Refer to Thos. Patterson, Esq., of Highland county, Ohio, Jesse Beal, Esq., of Clinton county, Ohio, C. S. Bradbury, Esq. of Cincinnati, and a number of others.
